

Contractor Safety Management Plans

- Is your **Health and Safety Management Plan** simply a stocking filler that says a lot but means very little?
- Is your client requesting **Health and Safety** information you know little about?
- Are you looking to become accredited with the ACC **Workplace Safety Management Programme (WSMP)** Or **Workplace Safety Discount Programme (WSD)**?
- Are you looking for a generic **Health and Safety Management Plan** that would provide a sound Health and Safety system base to work from?

Employers & Employees
Commitment to Health
and Safety

Effective Hazard
Management systems

Accident Reporting &
Investigation

Workplace Contacts &
Communication

Health & Safety
responsibilities

Emergency Management

Work Monitoring &
Inspection

Training & Supervision

Personal Protective
Equipment/Clothing

We can answer all these questions and provide you with your own customised workplace **Health and Safety Management Plan**
